

# We'll help you get your cat or dog flea and worm free for free!

Here at Cheshirepet, we love pets. And we know that keeping your dog or cat in tip-top condition can be expensive – especially at this time of year and in the middle of the credit crunch! That's why we're giving away **free flea and worming products\*** when you bring in your dog or cat for a Healthcheck with the Veterinary Nurse\* during January, February and March.

And to show just why Cheshirepet is the friendliest vets in your area†, these **Nurse Healthchecks** are **absolutely free** too!

So why not call us on **01477 544 554** to arrange an appointment with the Veterinary Nurse – and don't forget to bring this voucher with you when you claim your free products!

\*One free nurse consultation and product pack per pet per household. No cash alternative. For full terms and conditions visit our website.
