

Why to buy Prescriptions from Cheshire Pet and NOT the Internet?

Since November 2008 veterinary surgeons are now allowed to charge for their ability to prescribe the drugs pet owners wish to buy from an internet pharmacy.

Originally a three year period was assigned by the Competition Commission, whereby we could not charge for prescriptions. This period has now finished and we are legally able to charge. We have decided on a fee of £8.50 including VAT per item per 3 month period.

This allows us to continue to provide the service to you that the internet cant. We have costs such as 4 qualified nurses and 4 qualified vets that internet pharmacies do not and other costs such as staff training so that we can provide you and your pet with the friendly, professional service that you have come to expect from Cheshire Pet.

We discourage purchase from the internet primarily as we have no control over where the drugs come from or how they have been stored.
